## Chapter-1

### Introduction

**Background:** As an autonomous national organization, Student Financial Assistance Fund Development Board (SDAFDB) was established on March 06, 2006. It is governed by a body having nine executive members representing various sectors. It has been working for the establishment of Proxy Means Testing (PMT) based poverty targeting mechanism in Higher Secondary and University level education. Board expects optimum use of its PMT expertise in other sectors regarding the utilization of distributive capability of State and other programmes in Nepal that demands poverty targeted intervention.

Board has been implementing Second Higher Education Project (SHEP), component-II: Student Financial Assistance Scheme (SFAS) which tries to ensure the access of certain number of economically poor students in both Higher Secondary and Higher (Bachelor) level education. Following PMT method it selects beneficiary students who will be supported by Grants directly deposited to their individual bank accounts through Rastriya Banija Bank Limited (RBBL)-a first class financial institution selected on the basis of national competitive bidding process.

This report is based on the survey made in the month of March about the SFAS beneficiary students. Out of name list of a total of 343 beneficiary students provided by the Board, the survey team of the Education Journalists' Group (EJG) selected 60 students of the Bachelor level, second year, for getting the provided questionnaire sheet filled.

### Objective:

- To find out how the students knew about SFAS
- To find out perception of beneficiary students about SFAS process /procedure
- To find out whether selected students have received scholarship or not
- To get feed backs of the beneficiary students

**Methodology:** The survey activities started when SFAFDB provided batch and category wise list of the beneficiaries as agreed. Sample questionnaire was in the contract as annex. EJG selected field surveyor (Annex-1) among its executive members who were sent to the districts for the agreed upon task. On the basis of structured questions the team got filled the queries from beneficiary students in the assigned three districts, Sindhuli, Kanchanpur and Dailekh. Out of total beneficiary students list (Annex-2), some were of SFAS cohort forth (2011), new second year; other were of SFAS cohort third (2010) old second year. As contracted the EJG surveyor team selected 60 students randomly for the monitoring survey. As the old second year students were found too busy in exams, student of new second year were selected for the assigned task i.e survey. In most cases the students were asked to fill the Beneficiary Student Follow up/Monitoring Form while in other cases the surveyors also helped the students to fill the forms. The monitoring form had a total of 15 content questions excluding questions about student information.

**Arrangement of Report:** The report is divided into 3 chapters. The first is the introductory chapter while the second presents some data and their analysis about beneficiary students. Chapter 3 is about the findings of the monitoring/survey. Altogether 5 tables are made for data presentation and analysis. Sample of monitoring form and reports of the surveyors are placed in the annexes.

## Chapter-2

### Data Presentation and Analysis

Out of 343 students of Bachelor level of 19 different campuses of Sindhuli, Kanchanpur and Dailekh districts, the surveyor team selected 60 students of 11 different campuses of the three districts. Out of 9 the selected campuses of Sidhuli district are Sindhuli Multiple Campus, Siddhajyoti M. campus, Siddhjyoti Education Campus and Kamala Science Campus. All three campuses are selected from Dailekh namely Dronachal Ed. Campus, Narayan Campus and Chamunda Campus. Out of 7 campuses, four are selected from Kanchanpur and their names are Shree Siddhanath multiple, Janajyoti M. Campus, Shree Krishan Bajnath and Shreepur Mahakali.

The surveyor team found out that all the students had filled the PMT form while they were in class 12 when most of the students were studying in the institution other than the present one. The students were supposed to get the scholarship amount when they were in the first year of the Bachelor level.

Below is presented selected students in terms of gender. It should be noted that out of 343 total students, the number of female/girl student receiving the scholarship is 90 which means 26.23%. Out of 60 selected for monitoring purpose, the number of girl students is 19 which means 31.66%. Out of 343 students, only 60 were selected and this means 17.49%.

### Gender:

District	Male	Female	Total
Sindhuli	12	10	22
Kanchanpur	19	2	21
Dailekh	10	7	17
Grand total	41	19 (31.66%)	60

### First Source of information of scholarship form

As getting information is vital for scholarship and disseminating the same is crucial to ensure that the neediest are not left behind, the students were asked about how they first knew about the scholarship form. As many as 23 (38.33%) said that they knew it through media herein referred to radio/news papers/SFAS-school/DEO notice while 37 (61.66%) answered that the schools they were studying or the teachers were the first informant about the scholarship form:

Media	10	5	8	23	38.33
Teacher/friends	12	16	9	37	61.66
Grand total	22	21	17	60	99.99

### Help for filling form

Information provided in the form can be fallacious, specially when they are filled or helped to fill by someone who knows the selection criteria and is able to make the information as needed for the purpose. Table 3 shows that out of 60, 34 students (56.66%) filled the form themselves while 26 (43.33%) took help from others.

**Table 3**

Teachers/friends	8	11	7	26	43.33
Grand total	22	21	17	60	99.99

**Knowledge about getting delisted from PMT applicant**

SFAFDB verifies the PMT form filled by students with the household survey made by the Central Bureau of Statistics and the Board delists those students who provide wrong information in their PMT form. If the students know this, only needy will fill the form. In this regard, knowledge about getting delisted is also important for the students. It is noteworthy that 23.33% of those students who are selected for scholarship did not know the importance of providing true information.

**Table 4**

Knowledge	Sindhuli	Kanchanpur	Dailekh	Total	Percentage
Yes	19	18	9	46	76.66
No	3	3	8	14	23.33
Grand total	22	21	17	60	99.99

**Source of information about getting selected**

The table below shows that 75% of SFAS beneficiary students get the information about being selected through college which means college notice, information by teachers, phone contact to SFAS. Only 25% get their good news through media that is the Board's website and the Board's notice in the Gorkhapatra daily.

**Table 5**

**Usefulness of scholarship:** All students said that the scholarship provided to them has helped them a lot for pursuing higher education.

**Status of scholarship use:** Almost all students said that they used the scholarship amount to pay campus fee, buy uniform and educational materials.

**PMT Form submission:** All students are found to have submitted their PMT forms to the schools (higher secondary) they were studying and they submitted the Student Bond, School enrolment proof and copy of citizenship certificate in the Rastriya Banijya Bank Limited (RBBL) branches in their districts.

**Receiving of scholarship:** Except for 2 students in Sindhuli and 1 in Kanchanpur, all the other 57 students responded that they have got the first installment of the scholarship amount.

**Amount of Scholarship received:** Some students in Sindhuli said they received only Rs. 12,000 as the RBBL deducted Rs. 1,000 for continuing with the bank account.

**RBBL fund channeling system:** student in Dailekh said they had problems while opening account to receive the scholarship due to delay in publishing the results by the Board.

**Continuity of scholarship provision:** Every beneficiary student stressed that scholarship should be continued, expanded and the amount should as well be increased. This positive remark of the

students about scholarship is something expected as it has helped them to continue their higher education.

**Students' perception about their fellow beneficiary students:** Not a single student said that those who had received scholarship were unfitting. The perception of the beneficiary students about their fellow beneficiary students was that all were very needy students and the selection was fair. They had no complaint about why the others were also selected.

### **Chapter-3**

#### **Findings and Conclusions**

The findings and suggestions are more based on what the surveyors found out during their survey period than what the students wrote in the monitoring form.

#### **Findings**

- Some beneficiary students are irregular in their classes
- Most complain about having received the fund belatedly
- Provided scholarship has been used for study purposes such as buying books, paying tuition fees
- In some of the branches RBBL holds Rs. 1,000 in the beneficiary account
- Student are positive about the selection process
- Beneficiary students are sure that the scholarship is provided to the poor
- The amount of scholarship is too insufficient compared to the necessary expenses for a year
- Students lack the knowledge about how the other student can be benefitted from the SFAS
- Some students who got the scholarship have even dropped out

#### **Suggestions**

- Arrangement needed to provide scholarship in time
- Certain level of monitoring of regularity in the classes should be checked if possible
- Ensure that student receive all Rs. 13,000 provided as scholarship; RBBL branch staffs should be made aware on the fact that the accounts of the SFAS beneficiaries is zero balance based.
- SFAS should be continued as there may be poor students in the years to come.
- Use of media for wider dissemination of notice and information about SFAS needed
- The SFAS should be expanded to other districts

#### **Conclusion**

Scholarship recipient students are really poor, stakeholders and the students selft have no complaint about it. They know those who have received scholarship are also poor. In Dailekh, students suggested that duration should be expanded for filling forms, its collection and submission and that copy of the results of application should be sent to resource centres, schools/campus through DEOs. In some cases beneficiaries complained that they had difficulty in account opening in some of the RBBL branches due to delay in getting final list results which is now found addressed as the Board has managed website based result dissemination, Nepal

Telecom IVR system and linkage of SFAFDB and RBBL websites. Both in Sindhuli and Kanchanpur, the surveyors found that many of those students who got the scholarship were found irregular in classes it is may be because of inadequacy of the amount for their survival in the school/college area wich demands rethink over the total amount to be given for an individual beneficiary.

**सिन्धुली भ्रमण**

विद्यार्थी वित्तीय कोष सहयोग विकास समिति समितिबाट प्राप्त विभिन्न ६ वटा क्याम्पसहरूमध्ये सिन्धुली बजार र आसपासका क्याम्पसहरू सिन्धुली बहुमुखी क्याम्पस हुंग्रेबास, सिद्धज्योति शिक्षा क्याम्पस, फोसेटार र कमला साइन्स क्याम्पस, कमलाईमा छात्रवृत्तिको प्रभावकारिता मूल्यांकन केन्द्रित गरिएको थियो ।

अध्ययनका क्रममा भेटिएको वस्तुस्थिति यस प्रकार छ ।

**सिद्धज्योति क्याम्पस:**

चैत २९ गते बिहान यो क्याम्पसमा पुगिएको थियो । समितिबाट छात्रवृत्तिको निम्ति छनोटमा परेका २४ विद्यार्थीमध्ये ११ (अथवा १२)जना मात्रै त्यस दिन क्याम्पसमा भेटिएका थिए । बाँकी विद्यार्थी कक्षमा उपस्थित थिएनन् । त्यसबारे क्याम्पस प्रमुख र विद्यार्थीहरूसँग सोधदा कतिपय गाउँ(विद्यार्थीको घर) गएको भन्ने जवाफ पाइयो भने कतिपय विद्यार्थीलाई त तिनका साथीले समेत नचिनेको पाइयो । यसको मतलब ती विद्यार्थी क्याम्पसमा नियमित रूपमा उपस्थित हुँदैनथिए ।

**सिन्धुली बहुमुखी क्याम्पस:**

यो क्याम्पसलाई सिन्धुली जिल्लाकै सबैभन्दा ठूलो क्याम्पस मानिन्छ । चैत २९ गते सिद्धज्योति क्याम्पसमा सर्वेक्षण फारम भरेपछि, सिन्धुली बहुमुखी क्याम्पसमा पुगियो । करीब सवा ९ बजेतिर क्याम्पसमा पुगेपछि, समितिको सूचीमा परेका विद्यार्थीहरू खोज्दै कक्षाकोठामा पुगियो । समितिको सूचीमा रहेका २४ विद्यार्थीमध्ये एक जना पनि क्याम्पसमा फेला परेनन् । तिनका सहपाठीहरूलाई सूची देखाउँदा २/३ जना बाहेक अरुलाई नचिनेको जवाफ दिए ।

भोलिपल्ट चैत २९ गते बिहान सवा ६ बजे पुनः सिन्धुली बहुमुखी क्याम्पस पुगियो । त्यसपछि क्याम्पसमा भर्ना भएका विद्यार्थीको सूचीसँग समितिले उपलब्ध गराएको सूची रुजु गरियो । जसबाट सूचीमा रहेका अधिकांश विद्यार्थी क्याम्पसमा भर्ना भएको पाइयो । तर, तिनलाई अरु विद्यार्थीले नचिन्नुको मतलब के थियो भने उनीहरू नियमित रूपमा क्याम्पसमा आउँदैन थिए । त्यसपछि विद्यार्थीलाई पालैपालो टेलिफोन सम्पर्क गर्न थालियो । गणित विषयका दुई जना विद्यार्थी क्याम्पसमा उपस्थित भए भने अरु विद्यार्थी क्याम्पसमा थिएनन् । त्यस दिन क्याम्पसमा नआएका विद्यार्थी मध्ये केही बजार क्षेत्रमा भेटिएका थिए ।

टेलिफोन सम्पर्क गर्दा छात्रवृत्ति पाएका कतिपय विद्यार्थीहरू उनीहरूकै गाउँमा थिए । एक जनाले चाहिँ आफू सुर्खेत र अर्का एक जनाले काठमाडौँमा रहेको जानकारी दिए । त्यसबाट के स्पष्ट हुन्छ भने छात्रवृत्ति पाएता पनि ती विद्यार्थीहरू क्याम्पसमा नियमित रूपमा पढ्न आउँदैन थिए । केहीले क्याम्पस नियमित आउन नपाएको तर घरमै पढेर परीक्षा दिने जवाफ दिएका थिए । सिन्धुली बहुमुखी क्याम्पसमा भेटिएका विद्यार्थीमध्ये दुई जनाले पढाइको अतिरिक्त रोजगारी गरेको पनि पाइयो । त्यसैले गर्दा उनीहरू क्याम्पसमा नियमित थिएनन् ।

## कमला साइन्स क्याम्पस

यस क्याम्पसका दुई जना विद्यार्थीले समितिबाट छात्रवृत्ति पाएको देखिन्छ । तीमध्ये एक जना विद्यार्थी मात्रै क्याम्पसमा भेटिए । अर्को विद्यार्थी चाहिँ काठमाडौँमा बसेर अन्य प्रवेश परीक्षाको निम्ति तयारी गरिरहेको भन्ने जानकारी पाइयो ।

### सर्वेक्षणका क्रममा पाइएका तथ्यहरु:

- छात्रवृत्ति पाएका कतिपय विद्यार्थीहरु क्याम्पसमा नियमित थिएनन् ।
- कतिपयले छात्रवृत्ति लिएर गाउँमै बसेका थिए भने केहीले चाहिँ छात्रवृत्ति आफ्नो खातामा जम्मा भए, नभएको जानकारी समेत पाएका थिएनन् (त्यस्तो विद्यार्थी शायद दुई जना हुन् कि जस्तो लाग्छ) ।
- छात्रवृत्ति लिएर क्याम्पसमा नियमित उपस्थित नहुने प्रवृत्तिले यसको प्रभावकारितामा प्रश्न उठाएको पाइन्छ ।
- यस छात्रवृत्ति कार्यक्रमबारे सम्बन्धित क्याम्पसका प्रमुख र अन्य शिक्षकले समेत विस्तृत जानकारी नपाएको देखियो । यस छात्रवृत्तिप्रति तिनले अपनत्व महशुस गरेका छैनन् । विद्यार्थीले छात्रवृत्ति पाए, नपाएको विषयमा उनीहरुको सरोकार रहेको पाइएन ।
- खासगरी उनीहरुले यस कार्यक्रमलाई 'अर्काले दिएको छात्रवृत्ति'को रूपमा बुझेको पाइयो । त्यसैले भोलिका दिनमा छात्रवृत्तिको सन्दर्भमा समितिले क्याम्पस प्रशासनसँग समन्वय गर्नु उपयुक्त हुने देखिन्छ ।

### विद्यार्थी वित्तिय सहयोग कोष विकास समितिले कञ्चनपुर जिल्लामा गरेको सहयोग

- श्रीधर पौडेल

समितिले उपलब्ध गराएको छात्रवृत्तिबाट जिल्लाका अति विपन्न बर्गका विद्यार्थीहरुले पढाईको अवसर पाएका छन् । समिति मार्फत उपलब्ध गराईएको विद्यार्थी सूचि अनुसार जिल्लामा छात्रवृत्ति पाएका विद्यार्थीको संख्या ३७ छ । - *अनुसूचि १*

कञ्चनपुर जिल्लामा रहेका विभिन्न कलेज मध्ये कोषबाट सहयोग पाउने विद्यार्थीहरु ६ वटा कलेज/विद्यालयमा अध्ययन गर्दै आएका छन् ।

विक्रम सम्बत २०६९ साल चैत २० - २४ सम्म गरिएको स्थलगत अध्ययनबाट फेला परेका केही तथ्य :

- छात्रवृत्ति पाउने विद्यार्थीहरुका बारेमा विद्यालयलाई जानकारी नभएको
- यसले गर्दा एउटै विद्यार्थीले दोहोरो छात्रवृत्ति पाउने गरेको र यसबाट अरु विद्यार्थीले पाउने अवसर एउटैमा जाँदा अन्य विद्यार्थी अवसरबाट वञ्चित भएको विद्यालयको भनाई
- आफ्नो विद्यालयका को को विद्यार्थी कोषको सहयोगमा पढ्दै छन् भन्ने जानकारी नहुँदा विद्यालय प्रशासनबाट लगत लिन अप्ठ्यारो
- यसले गर्दा कोषले उपलब्ध गराएको *अनुसूचि १* अनुसारको नामावलीमा भएका विद्यार्थी भेट्न विद्यालयमा भन्दा पनि व्यक्तिगत सम्पर्क गर्नु पर्ने बाध्यता
- जिल्ला कञ्चनपुर भनिए पनि कतिपय विद्यार्थी अरुनै जिल्लामा बस्ने गरेको, फोन नलाग्ने, मोवाइल नम्बर नमिल्ने, मोवाइल अफ हुने समस्याले गर्दा विद्यार्थी भेट्न गाह्रो, समयमा सहयोग रकम नपाएको भन्दै जानकारी दिन नमान्ने तथा पढाई छाडेर कामको खोजिमा भारत जाने विद्यार्थी समेत फेला परे, सर्वेक्षणमा सामेल हुन नसकेका विद्यार्थीको बारेमा - *अनुसूचि २*
- व्यक्तिगत फोन सम्पर्कका आधारमा सम्पर्कमा आएका विद्यार्थीहरुले भरेको फर्म ।

दैलेख सदरमुकामस्थित नारायण क्याम्पस, दुल्लुस्थित द्रोणाचल क्याम्पस र चामुण्डा कलेज चामुण्डामा स्नातक तह दोस्रो वर्षमा कोषको छात्रवृत्तिमा अध्ययनरत विद्यार्थीहरूमध्ये २० जनाको अनुगमन फाराम भरियो । अनुगमन फाराम भर्दा विद्यार्थीहरूले छात्रवृत्ति रकमको सदुपयोग गरेको पाइयो । छात्रवृत्ति पाउनेमध्ये सबै विद्यार्थीहरू गरिब नभएकाले वास्तविक गरिबलाई मात्र छात्रवृत्तिमा छनौट गर्न कतिपयको सुझाव छ । त्यस्तै, shortlisting ढिला हुदा बैकले खाता खोल्न नमानेको र जबरजस्ती आफ्नै रिस्कमा खाता खोलेको, जिल्ला शिक्षाबाट समयमै खबर नहुनु, इन्टरनेट पहुच नहुदा दुर्गममा छात्रवृत्ति छनौटबारे थाहा पाउन नसकेको उनीहरूको गुनासो थियो । फाराम भर्ने, संकलन गर्ने र पठाउने समयावधि बढाउनुपर्ने, नतिजाप्रतिलिपी जिशिका, सम्बन्धित श्रोत व्यक्ति, र विद्यालय क्याम्पससम्म पठाउनुपर्ने सुझाव पाइयो ।
